

HIGH GLOSS

guest room | corridor | lobby | office | outdoor area

HIGH GLOSS looks exactly like it sounds: a vibrant, dynamic and bright shine emanates from the carpet, perfectly influenced by each ray of light that hits the surface. As a machine tufted quality made of 100% polyamide HIGH GLOSS is remarkably durable while still having a very elegant look. Since the quality can either be installed or manufactured as a fitted carpet, HIGH GLOSS is suitable for any indoor area and enhances therefore lobbies and corridors, as well as guestrooms or restaurants. This quality is a great alternative for anyone who wants the beautiful shine of viscose rugs but doesn't want to dispense with the durability and easy maintenance.

Manufacture machine tufted

Pile material 100% polyamide

Colours 1
